

**NISHAD MAHMUD**

Web Developer (MERN Stack)

Sylhet, Bangladesh | [mahmudnishad253@email.com](mailto:mahmudnishad253@email.com) | +8801622064993  
[nishad-mahmud.me](http://nishad-mahmud.me) | [github/nishadmahmud](https://github.com/nishadmahmud)

---

**SKILLS**

**Frontend:** React, Tailwind CSS, HTML5, CSS3, JavaScript (ES6+), React Router

**Backend:** Node.js, Express.js, REST APIs

**Database:** MongoDB, Firebase (Auth, Firestore)

**Tools & Platforms:** Git, GitHub, Netlify, Vercel, Postman, VS Code

**Other:** JWT Auth, Cloudinary, Stripe, Figma (basic), Responsive Design

---

**PROJECTS**

**Plantopia — Full Stack E-Commerce Platform**

[Github](#) | React, Node.js, Express, MongoDB, Firebase, Stripe, Cloudinary

- Built a responsive e-commerce site for plant & gardening products.
- Features: User authentication, cart/order management, admin dashboard, blog CMS, image upload, Stripe payments.
- Integrated Firebase Auth, protected routes, and cloud image storage.

**RelicVeil – Historical Artifacts Tracking Platform**

[Live Site](#) | [Github](#) | React, Node.js, MongoDB, Firebase, Express

- Built a secure and dynamic artifact sharing platform with Firebase Auth and MongoDB.
- Enabled advanced full-text search, user profiles, likes, and artifact management.
- Features real-time updates, responsive UI, and modern animations.

**TalentForge – Freelance Marketplace**

[Live Site](#) | [Github](#) | React, Node.js, Express, MongoDB, Firebase

- Designed a full-featured freelance task platform with bidding and task browsing.
- Integrated Google sign-in, animated UI, toast notifications, dark mode, and profile management.
- Built reusable components with Tailwind CSS and Framer Motion for smooth UX.

**Logic Circuit Simulator**

[Github](#) | Java (Swing)

- Visual tool for creating and simulating digital circuits with custom logic gates.
  - Includes real-time Boolean equation generation and simplifier, timing diagram, and circuit save/load functionality.
  - Features drag-and-drop UI, zoom in/out, truth table, and circuit export.
- 

**EDUCATION**

**BSc in Computer Science & Engineering**

Sylhet Engineering College (SEC)

*Expected Graduation: 2027*

---

**HIGHLIGHTS**

- **Codeforces Pupil**, CodeChef 3 ⭐
- Built custom automation tools with Python for full-stack project setup
- Strong understanding of clean architecture and UI/UX principles
- Passionate about clean code, user experience, and creative UI/UX
